Over 4 hours, you'll work through a guided, interactive process built on the proven **ARC Framework**:

🧠 Modul A: Quick Test (Mindset Check)

Start with a 7-minute diagnostic to assess your team's adaptability. Discover if you're operating like a Hawk, Elephant, Turtle, or Caterpillar.

📊 Modul B: TOWS Table

Link internal strengths and weaknesses with external opportunities and threats.

🎯 Modul C: Direction Grid

Reframe your vision and focus your quarterly goals (OKRs included).

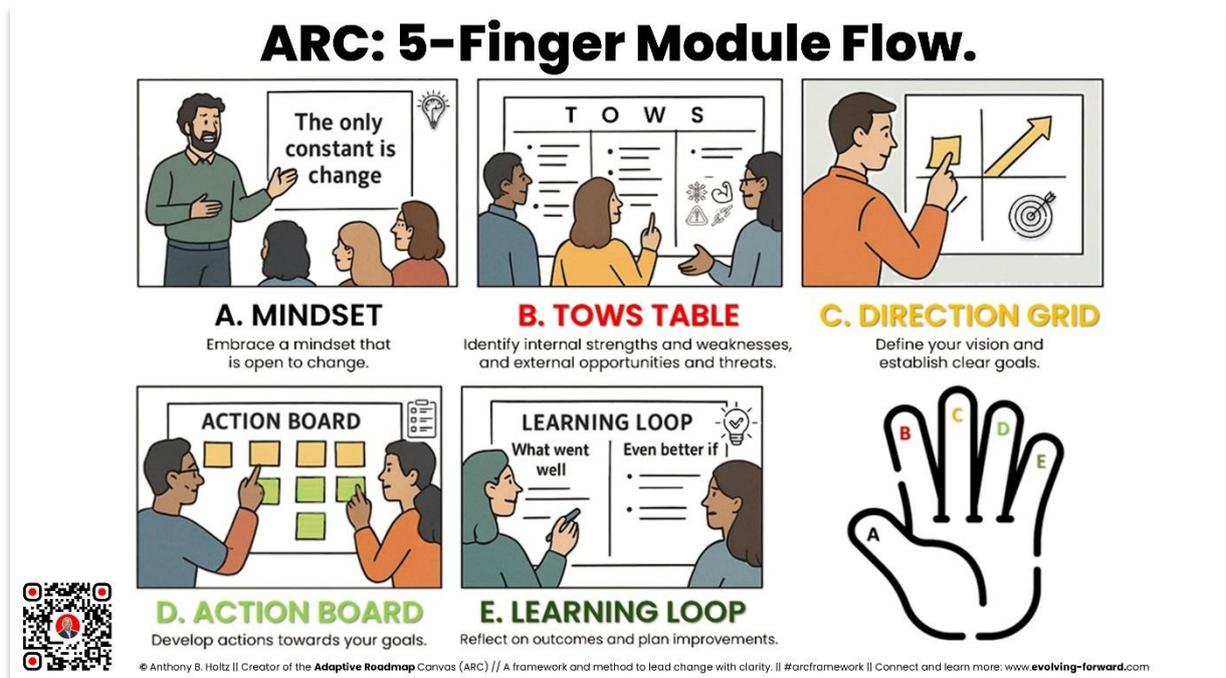

📅 Modul D: Action Board

Translate strategy into coordinated, real-world action steps.

🔄 Modul E: Learning Loop

Close the loop with a reflection process that sharpens learning and tracks progress.

Throughout the session, you're guided by the **ARC Co-Pilot** – a digital assistant that supports clear thinking, smart decisions, and aligned action.

Who Is It For?

Whether it's Q1 or Q4 – every quarter counts.

Perfect for:

Who is ARC made for?

Entrepreneurs who need to turn ideas into actionable strategies.	Intrapreneurs who drive change from within – and often face resistance.	Extrapreneurs who guide teams and organizations – and need a clear, structured approach.	Antepreneurs still in education or training – future Entre-, Intra- or Extrapreneurs.
